

Rules and standards of behavior for this classroom include:

- 1) Close all computers and turn off all cell phones. There is to be no texting in class.
- 2) Answering a cell phone is not an acceptable or valid reason for leaving the classroom.
- 3) There is to be no talking with your neighbor during the lectures.
- 4) Cheating of any kind is not tolerated. Only conventional calculators are allowed in the classroom for exams. Cell phones or graphing calculators are not allowed.
- 5) Students are expected to attend all classes and attendance will be monitored.
- 6) Students who have a valid reason for leaving class early should sit near the door so their departure will cause a minimum of disruption.

Expectations

- This class is designed to help students connect the material and tools they have learned in algebra, statistics, calculus, micro-economics and managerial accounting into the field of marketing management
